🎬 Video 26 – Career Tips from a Cloud Sourcing Lead

👤 Speaker: Lauren, Cloud Sourcing Lead

Role: Reaches out to candidates for open roles in the cloud organization.

📝 Top Resume Tips

1. **Tailor your resume to the job description**
   - Use keywords that match your experience to the role.
   - Make it easy for recruiters to see your relevance.
2. **Be honest and accurate**
   - Don't exaggerate — everything on your resume is fair game in interviews.
3. **Keep it concise**
   - Focus on relevant experience.
   - Cut out what doesn't support the job you're applying for.

📄 What Makes a Resume Stand Out

- Clear headers
- Chronological order
- Short, focused bullet points
- Organized layout for easy scanning

💬 Interview Tips

- **Demonstrate technical skills** by talking through your thought process.

- **Common question types**:
  - Problem-solving
  - Experience-based
  - Leadership-based

- **Answering hypothetical questions**:
  - Talk through your reasoning and how you connect the dots.

- **Answering behavioral questions**:

- o Use real experiences from work, school, or life.
- o Show how you overcame challenges.

❓ Ask Questions During Interviews

- Clarify the question to ensure understanding.
- Shows engagement and helps use time effectively.
- Recruiters appreciate thoughtful follow-up questions.

💼 Workplace Skills Matter

- Kindness, empathy, eagerness to learn, and adaptability.
- Show grit and determination through your examples.
- Recruiters value authenticity and resilience.

💡 Key Takeaway

"It's not just what you know — it's how you say it."
Be confident, be yourself, and show the value you bring.
