## 🎓 Module 1 Wrap-Up: Preparing for Your Cloud Data Analyst Career

**Explore Career Paths**
You learned about the different types of cloud data analyst roles and specializations.
➡️ This helps you identify opportunities that best match your skills and interests.

**Application Tips**
You received guidance on how to apply for jobs and present your project portfolio effectively.
➡️ Even with limited experience, you can show you're a strong candidate by highlighting your learning and capabilities.

**Resume Refinement**
You discovered how to tailor your resume to showcase relevant skills and experience.
➡️ A well-crafted resume increases your chances of getting noticed by employers.

**Interview Preparation**
You explored strategies to prepare for interviews, including using the STAR method for behavioral questions.
➡️ These techniques help you communicate clearly and confidently during interviews.

**Next Steps**
You're now better equipped to succeed in your job search and interviews.
➡️ Keep building your skills, refining your materials, and applying—your cloud data analyst career is within reach!
